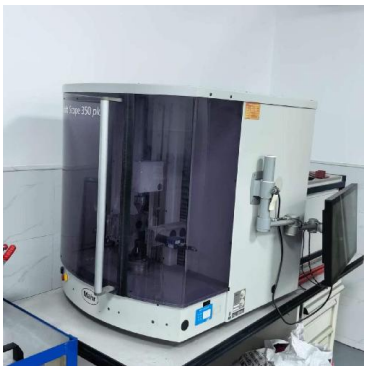
Machine Name : profilometer

Brand : Mahr

Machine Model : MarShaft Scope 350 plus

Stock No. : 69595

Ex-factory Date : 2019



Main Technical Parameters:

Control CNC System: Dedicated measurement software
Maximum workpiece length: 350 mm
Maximum workpiece diameter: 120 mm
Length resolution: 0.0001mm
Diameter resolution: 0.0001mm
Angular resolution: 0.0001 °
Maximum workpiece weight: 15 kg
Probe form: optical + tactile composite
Optics: telecentric optics, CMOS area array camera
Z-axis Positioning speed: 0.5-200 mm/s
X-axis Positioning speed: 0.5-100 mm/s
C-axis rotational speed: 0.2-60 r/min
