Machine Name : Inclined rail turret machine

Brand : Gamma

Machine Model : TH-200L

Stock No. : 483118

Ex-factory Date : 2020

Main Technical Parameters:

Guideway: two axes heavy load roller linear guideway

Siemens 828D turning CNC System

Rotation diameter: 500∅

Machining length: 500mm

Turret position: 12

8 inches chuck

Servo main motor power: 11kw

With hydraulic tailstock

Chain chip conveyor

Oil-water separator

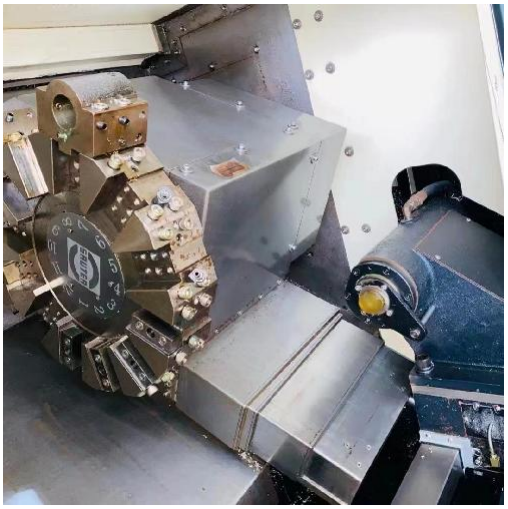

Machining accuracy: 0.001
