

Machine Name : CNC lathe

Brand : Yunnan Machine

Machine Model : CY-K630n

Stock No. : 10788

Ex-factory Date :

Main Technical Parameters:

Maximum swing diameter on the bed:D630mm

Maximum length of workpiece:1000*1500mm

Maximum cutting length:850*1350mm

Maximum cutting diameter:D630mm

Maximum swing diameter on the skateboard:D340mm

Spindle end type and code name:A2-11

Taper of inner front of the spindle:1:20

Spindle hole diameter:D104mm

Over rod diameter:D100mm hand chuck

Range of spindle speed:21-1200r/min

Number of spindle speeds:Automatic no pole in three gears

Optional straight drag

Power of main motor:11kW

X / Z axis fast rate:4/8m/min

Diameter of chuck:Φ 315mm

The X-axis travel:420mm

The Z-axis travel:1000/1350mm
