

Machine Name : Five axes movement boring and milling machining center

Brand : DIXI

Machine Model : JIG1200

Stock No. : 480372

Ex-factory Date :

Main Technical Parameters:

X/Y/Z three-axis Travel: 1200*1100*1100mm

Worktable size: 1250*1000mm

Worktable load: 2500kg

Minimum Indexing resolution of worktable: 0.0001°*3600000

Maximum rotating diameter of workpiece: 1400mm

Spindle motor power: 34/39kw

Maximum spindle speed: 120000rpm

Spindle taper: HSK A-100

Cutting feed rate: 0-10000mm/min

Fast feed rate: 20000mm/min

Minimum motion unit: 0.1μ

Tool magazine: 99
