Machine Name : High precision and energy saving automatic mold closing machine

Brand : Shunxing Kaihao

Machine Model : HMG-500JM

Stock No. : 420145

Ex-factory Date : 2011

Main Technical Parameters:

Opening force: 150KN

Turning force: 32KN

Ejection force: 12KN

Module plate size: 3100x2100mm

Opening travel of upper and lower template : 3000mm

Minimum distance between upper and lower templates: 400mm

Transfer travel: 3600mm

Ejection travel: 300mm

Flipping angle: 180 °

Mold weight: 60 tons

Upper template suction: 180 tons

Lower template suction: 100 tons

Machine weight: 110 tons
