Machine Name : Surface grinder

Brand : Nagase

Machine Model : SGC-156

Stock No. : 460150

Ex-factory Date :

Main Technical Parameters:

CNC System :NAGASE

X*Y*Z axis travel: 1500*600*600mm

Grinding wheel size (external diameter * width * Internal diameter) : 510*50*127

Sand wheel shaft :7.5

Distance from worktable to spindle center :800mm

Travel (horizontal, vertical):1800*660

Minimum feed :0.001

Spindle drive mode: mechanical direct connection

Worktable size: 1500*600mm

Each axis drive mode: YZ shaft: screw drive X axis: hydraulic pressure drive

Chip removal mode: tape filtering

Lead rail :X axis: open static pressure YZ axis: the linear guideway with a glass scale

Dimensions :6000*4000*3000mm

PamtonSchnell
