

**Machine Name : Turn mill machining
Centere**

Brand : DMG MORI SEIKI

Machine Model : CTX YSK1250TC

Stock No. : 84453

Ex-factory Date : 2017

Main Technical Parameters:

Machining length: 1200 mm maximum turning diameter: 500mm maximum turning diameter: 500mm Distance between spindle and Subspindle: 1470mm spindle speed: 12000 tool store: 1 Drive transmission power (" RPM ") : 25/34 KW (33.51/45.57 hp) (" hydraulic pressure ") Drawing tube Internal diameter 67 mm, about 700 mm deep

Machining length: 1200 mm maximum rotating diameter: 500mm Maximum turning diameter: 500mm Distance between spindle and Subspindle: 1470mm spindle is an electric spindle, ISM 76, driving power: 25/34 KW (33.51/45.57 hp) (hydraulic CNC System) tube drawing diameter 67 mm, about 700 mm deep
