

Machine Name : machining center

Brand : HT

Machine Model : 1580

Stock No. : 61645

Ex-factory Date : 2016

Main Technical Parameters:

Worktable size : 800x1700mm main motor power: 18.5kw three-axis travel :
1500x800x700mm spindle cell nose surface distance to worktable surface :
170-870mm spindle cell Distance between centers to the column guideway : 800mmT
type trough : 5x22mm spindle speed speed : 6000rpm Spindle through hole taper : BT50
