

Machine Name : Double Turret Turn mill machining Centere center

Brand : Mori Seiki

Machine Model : ZL-153

Stock No. : 84809

Ex-factory Date : 2003

Main Technical Parameters:

Bed swing :680mm

Cross slider swing :510mm

turning diameter :184mm

Machining length :495mm

Working capacity :45mm

X axis travel :235mm

Z-axis travel :175mm

Spindle speed :5000rpm

spindle through hole diameter :6mm

Internal diameter of spindle bearing :56mm

Main motor power :7.5-5.5kw

machine tool Footage :3968x2150x2106mm

machine tool weight :5350kg

With bar Bar feeder and connector
