

Machine Name : gear comprehensive inspection instrument

Brand : M&M

Machine Model : M3525

Stock No. : 85203

Ex-factory Date : 2009

Main Technical Parameters:

Rotary Worktable diameter :508mm

Ejecting travel :965mm

Measuring column horizontal travel :660mm

Measuring column vertical travel :610mm

Probe measuring arm travel :305mm

Maximum measuring diameter 24 inches :610mm
