

Machine Name : CNC lathe

Brand : Hembrug

Machine Model : Mikroturm 100 CNC

Stock No. : 85250

Ex-factory Date : 2020

Main Technical Parameters:

turning diameter :380mm

Maximum machining length :350mm

machining HRC68° hardened parts precision can achieve:

Surface finish : Ra0.1~0.4 μ m

Geometric precision degree: 0.2~2 μ m

turning with color metal mirror cutting surface: (Ra0.01 μ m)
