

Machine Name : Three coordinate measuring machine

Brand : ZEISS

Machine Model : DuraMax 5/5/5

Stock No. : 4461385

Ex-factory Date : 2023

Main Technical Parameters:

Measuring range :500*500*500mm workpiece Weight :100kg Single probe shape detection precision :MPE-PFTU 1.9um. Settings: Scanning Control CNC System ISC, dual-Tool holder intelligent operation panel, high-precision 30mm standard ceramic ball subassembly, computer CNC System HP, high-end graphics workstation, HP LCD display, keyboard and mouse set, CALYPSO CNC universal measurement software platform, free-form surface measurement and evaluation software module, VAST XXT Microforce scanning probe CNC System, VAST XXT suction cup (including main probe suction cup), probe automatic change magazine 3SL, probe package. SuiWorktable for: medical precision parts
