

Machine Name : CNC press

Brand : AWEA

Machine Model : HPH-3044

Stock No. : 63223

Ex-factory Date : 2014

Main Technical Parameters:

Impact pressure : 294KN

Maximum plate size : 1250mm x 2500mm

The maximum plate thickness : 6.35mm

punching precision : ± 0.1 mm

Maximum press travel : 40mm

Maximum punching frequency : 600 times/min

CNC CNC System : Siemens CNC

Turret working position: 26

x axis travel: 75m/min

Y-axis travel: 70m/min

x*y axis travel: 102m/min

turret speed : 30rpm
