

Machine Name : microscope

Brand : Nikon

Machine Model : LV150

Stock No. : 86249

Ex-factory Date : 2019

Main Technical Parameters:

Maximum measurable sample size: 150x150mm

Viewing power: 15X-3000X (depending on the combination of objective lens and objective lens)

Magnification: 25X-1500X (light and dark field can be selected)

3-6 inch wafer, LCD, PCB, FPC and metal surface structure observation

Professional Polarizer available

Differential interference prism (DIC) available

Can attach NIKON professional digital camera and CCD image extension

Professional metallographic measurement software can be attached to achieve computer measurement.
