

Machine Name : Ultrasonic cleaning machine

Brand : HEKEDA

Machine Model : HKD-4288VTGF

Stock No. : 485795

Ex-factory Date : 2019

Main Technical Parameters:

Effective size of degassing Water tank :L900*W890*H670mm

Effective size of cleaning Water tank :L900*W890*H670mm

Effective size of vacuum drying Water tank :L720*W890*H540mm

Effective size of distiller :L459*W400*H923mm

Condenser effective size: Phi 219*H1050mm

Effective size of degassing Water tank : Φ 256*H566mm

Effective size of waste liquid cylinder: Phi 324*H220mm

Effective size of dielectric level controller: Phi 250*H345mm

Buffer Water tank body effective size: Phi 530*H390mm

Buffer groove effective size: Phi 450*H390mm

Effective size of new Water tank :L393*W333*H400mm

Effective size of new liquid Water tank body :L348*W448*H500mm

Effective size of recovery Water tank body :L680*W920*H900mm
