Machine Name : Vertical machining center

Brand : Little giant

Machine Model : VTC-160A

Stock No. : 85608301a9fda9226d3c0275b65d85d3

Ex-factory Date :

Main Technical Parameters:

Distance from the top of the workbench to the end face of the main shaft: 150-660mm

Distance from the front of the column to the center of the main shaft: 410mm

Workbench area: 900x410mm

Bearing capacity of workbench: 500kg

Spindle power: 11kw

Maximum speed of spindle: 10000rpm

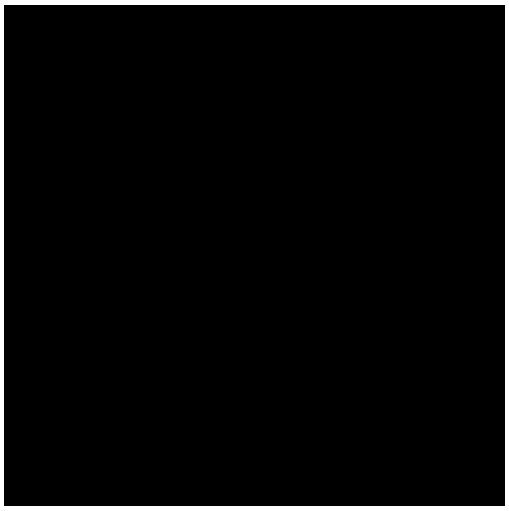

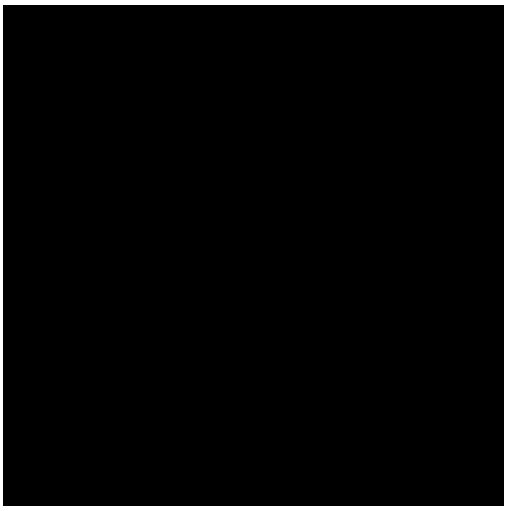

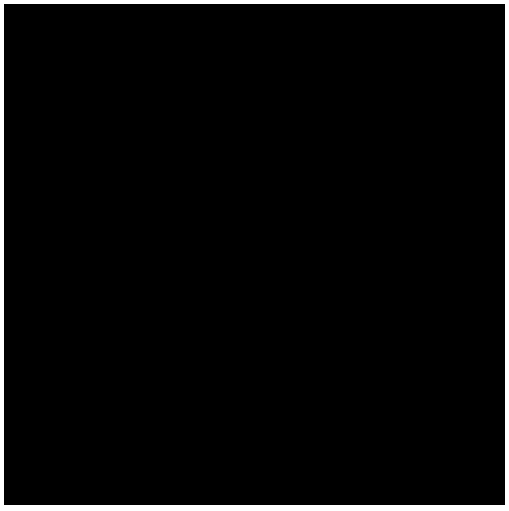

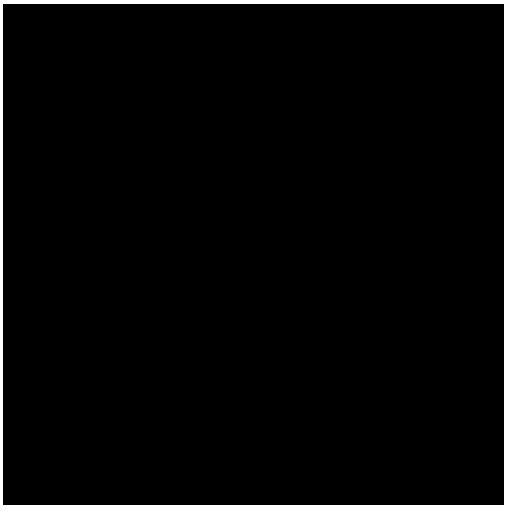

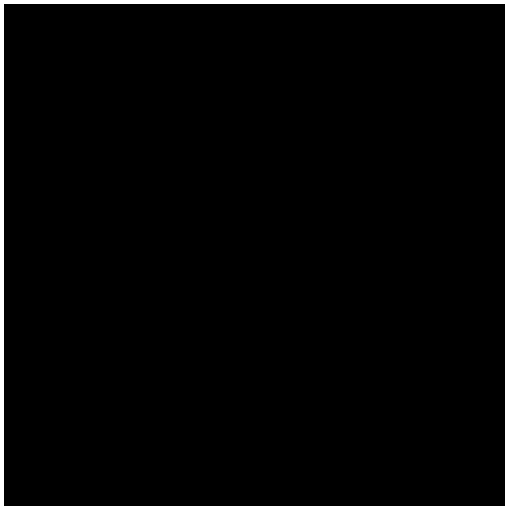

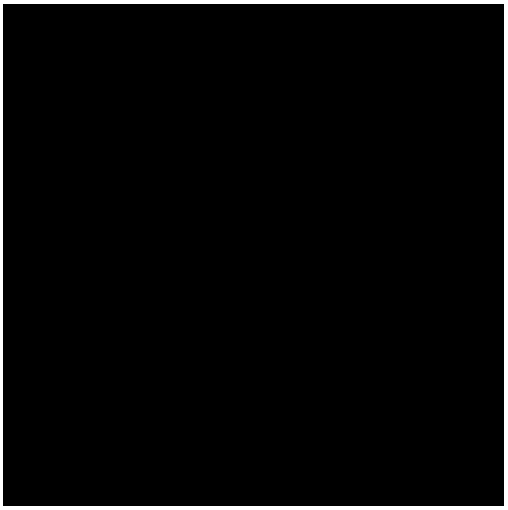

Spindle: BT40

Inner diameter of main shaft bearing: 70mm

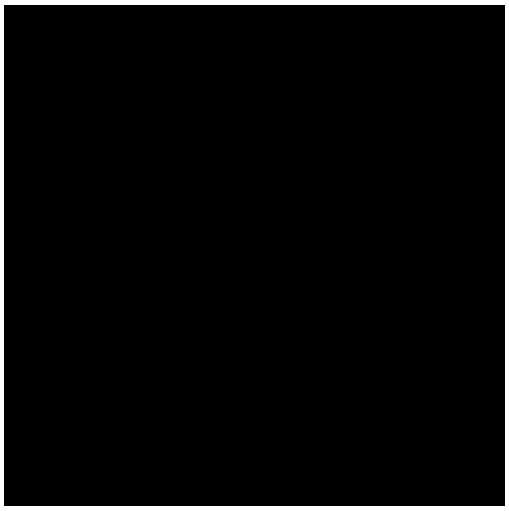

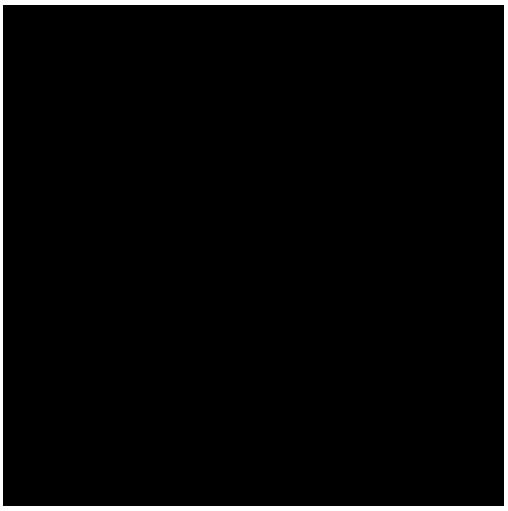

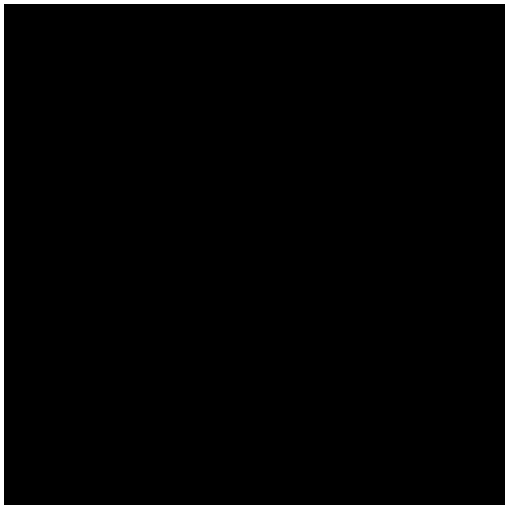

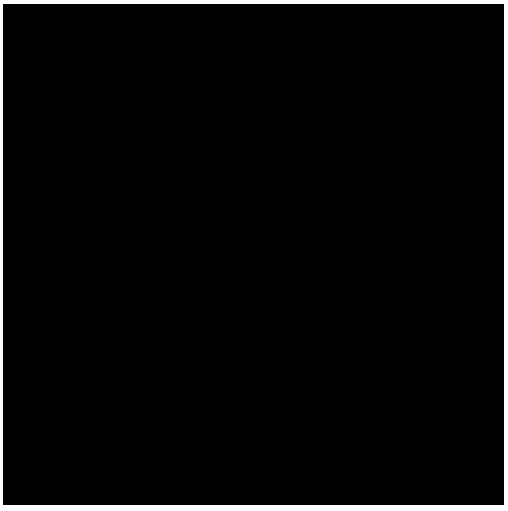

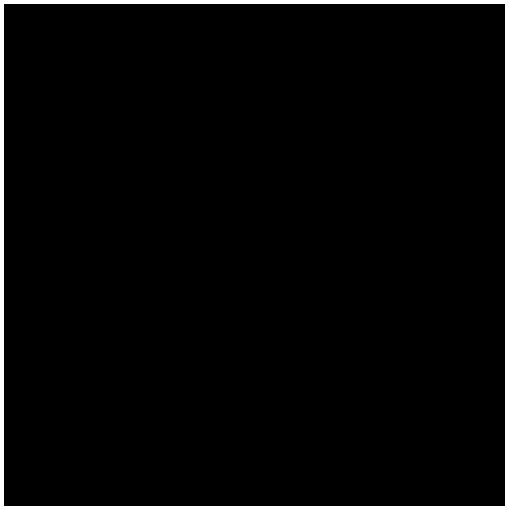

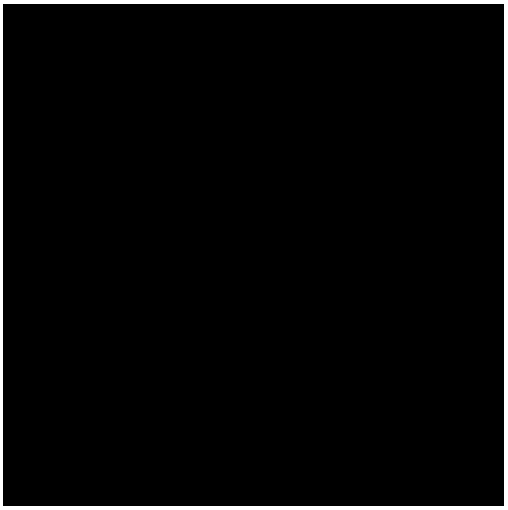

Overall dimension of machine tool: 2325x2670x2664mm

Net weight of machine tool: 3900kg
