

Machine Name : Cylindrical grinder

Brand : STUDER

Machine Model : S40-2

Stock No. : 86816

Ex-factory Date : 1990

Main Technical Parameters:

Core grinding rod: 600mm

Straight degree: within 1u

Cylindrical degree: within 2u

Specification center height: 125mm

Maximum distance between two tops: 1000mm

Grinding maximum external diameter: 250mm

grinding wheel size: 450*65mm

Workhead taper: MK5

tailstock taper: MK3

Maximum grinding wheel resolution: 1950rpm
