

Machine Name : Horizontal machining center

Brand : Kafo

Machine Model : HMC-500

**Stock No. :
0280c298a6135388f0bbb992df9da9de**

Ex-factory Date :

Main Technical Parameters:

Three axis stroke: 720 * 650 * 650mm

Workbench size: 500 * 500mm

Spindle: BT50 direct connection 10000rpm

Distance between spindle center and worktable: 100-750mm

Distance between spindle nose and workbench Center: 150-800mm

Inner diameter of main shaft bearing: 100mm

Cutting speed "10m / min

Spindle motor: 15 / 18.5kw

Weight: 13000kg

Overall dimension: 4035 * 6385 * 3105mm
