

Machine Name : machining center

Brand : Makino

Machine Model : V33i

Stock No. : 487121

Ex-factory Date : 2008

Main Technical Parameters:

CNC CNC System: professional 5

three-axis travel :650*450*250mm

Worktable size :750*450mm

Distance from spindle to worktable surface :450mm

Tool holder model :HSK-A63

Number of Tool holders :40

Spindle speed :20000 RPM

Footage :2400*1800*2500mm

spindle drive mode: electric spindle

Drive mode per shaft: screw chip removal mode: drawer type

guideway way: three rigid guideway machine tool Structure: gantry

Settings:

Brønn Tool Aligner

Full axis glass scale

A high precision 4-axis

Usage time: more than 2000 hours

Applicable vertical machining center for products:

Precision small gear, spline, cycloidal wheel, steel mechanical seals, precision jig, mold

manufacturing, mold manufacturing, electrical plastic shell mold, IC chip mold, optical lens mold, car light mold, bottleneck mold, thin-wall mold, medical equipment plastic mold, rubber and plastic seal mold, precision plastic connector mold, precision gear mold, precision mold stand, progressive mold, motor Motor mold, metering pump mold
