

Machine Name : Automatic five-sided gantry machining center

Brand : FOUR-STAR

Machine Model : FD3660 5F

Stock No. : 64797

Ex-factory Date : 2015

Main Technical Parameters:

three-axis travel: 6000*4250*1400mm (Raised type)

Worktable: 6000X3000mm (square slide pillow)

The width of the gantry door is 3660mm

Gantry height: 2050mm

Fully close-loop glass scale compensation

tools magazine: 60

With an automatic Holder magazine

Two milling heads (5-degree one-minute automatic milling head, extended milling head)

spindle: BT50

Spindle speed and gear spindle: 6000rpm

CNC System: FANUC 31i-A
