

Machine Name : machining center

Brand : EXTRON

Machine Model : L1060

Stock No. : 65168

Ex-factory Date : 2011

Main Technical Parameters:

Worktable size : 1260 x 510 mm

Spindle speed : 8000 rpm

main motor power : 15 kW

Distance from the nose end of the spindle to worktable surface : 150-850 mm

Distance from the center of the spindle to the column : 650 mm

height from worktable surface to the ground : 841 mm

CNC System: FANUC MD
