

Machine Name : Double spindle Turn-milling machining Center

Brand : Tsugami

Machine Model : M08SY-II

Stock No. : 88250

Ex-factory Date : 2020

Main Technical Parameters:

CNC CNC System: FANUC Oi-TF PLus

Spindle speed: 6000rpm

Maximum machining diameter: 280mm

Maximum machining length: 380mm

travel of X*Y*Z*A: 221*400*506*100mm

spindle can be equipped with an 8-inch chuck , with a through hole diameter of 65mm

The 6-inch chuck of the Subspindle has a through hole diameter of 59mm

Configuration

high pressure pump

Oil-water separation

With a chip conveyor

Germany's WTO driving force
