

Machine Name : Cylindrical grinder

Brand : Shigiya

Machine Model : GP-20.25A

Stock No. : 65342

Ex-factory Date : 2001

Main Technical Parameters:

Worktable swing amplitude :25mm

Maximum machining diameter : ϕ 200mm

Distance between centers :250mm

The maximum machining weight (double center operation) is 20kg

Available grinding wheel size (external diameter x Internal diameter): ϕ 280 - ϕ 355x127mm

Available grinding wheel width :25 to 50mm

grinding wheel speed :1650rpm

The power of the sand wheel shaft motor is 2.2kw

Total weight of machine :1400kg
