

Machine Name : 5 axes Turn-milling machining Center

Brand : MAZAK

Machine Model : INTEGREX 400-IIY

Stock No. : 488129

Ex-factory Date : 2004

Main Technical Parameters:

three-axis travel: 630*230*1585mm

B-axis travel: 225mm

C-axis travel: 360mm

Maximum rotational diameter: 760mm

Maximum machining diameter: 760mm

Maximum machining length: 1585mm

12-inch chuck

magazine capacity: 40

Spindle speed: 10,000 resolutions

Configuration

With tailstock

With a chip conveyor

turret

Center flushing
