

Machine Name : WEDM cutting

Brand : CHMER

Machine Model : AW5E

Stock No. : 65786

Ex-factory Date : 2021

Main Technical Parameters:

workpiece Footage : 500×300×220mm

Youdaoplaceholder0 wire diameter range : $\Phi 0.15$ to 0.3mm

wire feeding speed : 300mm/sec

cutting slope : $\pm 14.5^\circ/80\text{mm}$

Youdaoplaceholder0 controller : 32-bit smart controller

Youdaoplaceholder0 Drive CNC System : Linear motors are used for the XY axes, while AC motors are used for the UVZ axes

feed rate : 1500mm/min

machining precision : $\pm 0.01\text{mm}$
