

Machine Name : Turn-milling machining Center

Brand : OM

Machine Model : TDC-10N

Stock No. : 66452

Ex-factory Date : 1992

Main Technical Parameters:

chuck diameter: 1100mm

turning diameter: 1100mm

Maximum swing: 1100mm

Load-Load: 1 ton

Rotational speed: 3 to 500 rpm

power: 22/30 kw

machining height: 750

X-axis travel: 720mm to the right of worktable and 550mm to the left of worktable

Z-axis travel: 600mm

spindle: BT 50

Spindle speed: 1500 rpm/ATC 24(turning 8/ milling 16)

Drilling diameter: 50mm

Tapping diameter: 38mm

CNC System: FANUC 15T
