

Machine Name : Horizontal machining center

Brand : Matsuura

Machine Model : H.Plus-630

Stock No. : 89586

Ex-factory Date : 2022

Main Technical Parameters:

CNC System: Matsuura G-Tech 31i

Three-axis travel: 1050*920*990mm

Spindle: BT50

Spindle speed: 15,000 resolutions

Tools magazine capacity: 120

Spindle is equipped with Center flushing

Accessories:

Spindle Lubrication: Oil Mist Lubrication

Guideway System: 3-Axis roller-type high-rigidity guideways

Feedback System: Full closed-loop control with glass scales

Rotary Resolution: 0.001 degree

Probing System: Equipped with Renishaw probe receiver

Chip Management: Dual chip conveyor (Screw-type & hinged-chain)
