

Machine Name : Three-coordinate measuring instrument

Brand : HEXAGON

Machine Model : BRAVO HP 601625/2

Stock No. : 89643

Ex-factory Date : 2011

Main Technical Parameters:

Measurement travel range: 6000 mm × 1600 mm × 2500 mm

Operating temperature range: 16-32°C (Temperature compensation required)

Optional configuration

Laser probe

Automatic probe replacement CNC System

workpiece Positioning fixture
