

Machine Name : Internal and external cylindrical grinder

Brand : Okamoto

Machine Model : MAX350UN-OD

Stock No. : 89796

Ex-factory Date : 2013

Main Technical Parameters:

Worktable rotation diameter: 320mm

Grinding length of worktable: 600mm

Internal diameter of worktable: 100mm

Worktable rotation angles: $+11^{\circ}$, -4°

grinding wheel Footage (external diameter * thickness * Internal diameter) :
355*38*127mm

Maximum speed of the grinding wheel: 2000rpm

Rotation Angle of the grinding wheel shaft: $\pm 30^{\circ}$

The rotation Angle of the workpiece headstock: $+30^{\circ}$, -90°

Machine weight: 3,500 kg
