

Machine Name : Bed insertion

Brand : FUSHUN

Machine Model : B50100

Stock No. : 66782

Ex-factory Date : 1990

Main Technical Parameters:

Worktable diameter : 1250mm

Maximum trimming length : 1000mm

The maximum weight of workpiece that can process is 4000kg

main motor power : 30kW

slider travel range : 300-1000 times per minute (adjustable speed)

Distance from the worktable surface to the lower end of the slide frame : 1140mm
