

Machine Name : CNC turning lathe

Brand : FOCUS

Machine Model : FBL-360

Stock No. : 810121

Ex-factory Date : 2012

Main Technical Parameters:

CNC System: FANUC

Main motor power: 22/26 kW

Maximum rotational diameter: 770 mm

Machining diameter: 570 mm

Machining length: 762mm

Distance between the two centers: 1020mm

Z-axis travel: 820mm

Configuration:

Equipped with a 12-position heavy-duty hydraulic tool turret

Equipped with 12-inch Thousand Island chuck

Equipped with a tap-type chip conveyor

Self-weight: 9 tons +
