Machine Name : Cylindrical grinder

Brand : SUPERTEC

Machine Model : G32P-200H

Stock No. : 810161

Ex-factory Date : 2018

Main Technical Parameters:

Worktable rotation diameter: 320 mm
Distance between the two centers: 2000 mm
Grinding diameter: 300 mm
Load between the two centers: 150 kg
Grinding Wheel dimensions (diameter × width × hole diameter): 405 × 50 × 127 mm
Grinding wheel linear speed: 2000 m/min
Rotation angle of the grinding wheel head (X-axis): ±30°
Total feed travel: 245 mm
Rotation angle of spindle head: 90°
Pin taper: MT4
Spindle speed: 30-350 rpm
Grinding wheel drive motor power: 5 kW
Main wheel platform motor power: 1.5 kW

PamtonSchnell
