

Machine Name : Machining Center

Brand : FEELER

Machine Model : VMP-45A

Stock No. : 466912

Ex-factory Date : 2019

Main Technical Parameters:

Two linear guideways and one rigid guideway

The usage time is less than 2,000 hours

CNC System: FANUC MF, 1 package of Alpha motor

three-axis travel: 1100x610x600mm

spindle: BT50 gear box

Spindle speed: 6000rpm

tools magazine: 30 pieces

Xy-axis THK linear guide lead screw

Water is discharged from the center of the 20-kilogram spindle

Full-chain chip removal with oil-water separation

From the main nose tip to worktable: 135-735mm
