

Machine Name : CMM

Brand : ZEISS

Machine Model : CONTURA 7.10.6 RDS

Stock No. : 810737

Ex-factory Date : 2024

Main Technical Parameters:

Measurement Range (XYZ): 700 × 1000 × 600 mm

Probe System:

VAST XXT rotating scanning probe

VAST XT GOLD fixed scanning probe

Supports high-precision contact scanning and complex surface measurement

Software and Functions:

ZEISS original measurement software

Curve scanning and surface analysis modules

STEP data interface (supports import of mainstream CAD data formats)
