

Machine Name : Conventional trucks

Brand : Mercedes-Benz

Machine Model : Actros C

Stock No. : 811367

Ex-factory Date : 2023

Main Technical Parameters:

Drive form: 6×4

Overall dimensions: 7100 × 2550 × 4000 mm

Wheelbase: 3400 + 1350 mm

Overall vehicle weight: 8.6–9.2 tons

Maximum gross mass: 26 tons

Engine: Foton Cummins X13NS6B580 (12.9L)

Maximum horsepower: 580 hp (426 kW)

Maximum torque: 2600 N·m (1000–1400 rpm)

Emission standard: China National VI b

Transmission: ZF TraXon 12-speed AMT

Rear axle ratio: 2.643 / 2.846

Front suspension: Parabolic leaf springs

Rear suspension: 8-airbag air suspension (with lift function)

Brake system: Disc brakes on front and rear axles

Tire specification: 315/70R22.5

Fuel tank capacity: 1080 L (570 L + 510 L dual-chamber)

Cab: StreamSpace flat floor, internal standing height approx. 1970 mm, with rear window

Driver's seat: Air suspension seat (ventilation and heating optional)

Bunk: Lower bunk approx. 90 cm wide, upper and lower bunks available

Convenience features: 220V / 1000W inverter, USB ports, dust blow gun

For reference only.
