

Machine Name : CNC turning lathe

Brand : DOOSAN

Machine Model : LYNX235

Stock No. : 4811205

Ex-factory Date : 2017

Main Technical Parameters:

CNC System: FANUC Oi-TF

Spindle speed: 4000 rpm

Chuck specification: 8-inch hollow chuck

Maximum swing diameter: 510 mm

Maximum machining diameter: 320 mm

Maximum machining length: 525 mm

Spindle through-hole diameter: 76 mm

Spindle motor power: 15 kW

Tool turret: 12-station servo turret

Configuration:

Tape-type chip conveyor

Oil separator
