

Machine Name : Four column hydraulic press

Brand : HUZHOU MACHINE TOOL

Machine Model : HJY27-630

Stock No. : 67482

Ex-factory Date : 2017

Main Technical Parameters:

Nominal force: 6300 kN

Slider travel: 900 mm

Slider travel times: 8 to 15 times per minute

Maximum sealing height: 1500mm

Closed height adjustment range: 300mm

Worktable size: 1600x2000mm

The thickness of Worktable board is 160mm

Number of main cylinders: 4-column type

CNC System working pressure: 25 MPa
