

Machine Name : CNC turning lathe

Brand : HAAS

Machine Model : SL-10T

Stock No. : 67763

Ex-factory Date : 2004

Main Technical Parameters:

The maximum rotation diameter on the bed is 413mm

The maximum diameter of rotation on the slide plate: 280 mm

Maximum machining length: 356mm

X-axis travel: 200 mm

Z-axis travel: 356mm

Spindle speed range: 0-6000 rpm

spindle motor power: 11.2kW

The diameter of spindle through hole is 51 mm

chuck specification: 6.5 inches

Turret type: 12 workstations

X/ Z-axis Fast moving rate: 24/30 m/min

Repeated Positioning precision: $\pm 0.001\text{mm}$

tailstock travel: 100 mm
