

Machine Name : CNC turning lathe

Brand : DOOSAN

Machine Model : LYNX2100A

Stock No. : 811980

Ex-factory Date : 2021

Main Technical Parameters:

CNC System: FANUC

Maximum spindle speed: 6000 rpm

Maximum machining diameter: 350 mm

Maximum machining length: 330 mm

Spindle center height: 1060 mm

Rated voltage: AC 220V, three-phase, 50/60 Hz

Rated power supply capacity: 24.21 kVA

Short-circuit breaking capacity: 25 / 13 kA

Maximum full-load current: 63.54 A

Net weight of equipment: 2700 kg
