

Machine Name : Floor Boring Machine

Brand : SHODA

Machine Model : W250HC

Stock No. : 812091

Ex-factory Date : 1988

Main Technical Parameters:

Machining height: 4150 mm

Machining length: 16,000 mm

Rotary worktable size: 4000 × 4000 mm

Drive system: Ball screw drive

Function: Automatic tool clamping and unclamping

Spindle type: Boring spindle, diameter 250 mm

Spindle taper: ISO 60

Ram size: 520 × 520 mm

X-axis travel (column horizontal movement): 12,000 mm

Y-axis travel (headstock vertical movement): 4000 mm

Z-axis travel (boring bar movement): 1000–2000 mm

W-axis travel (ram horizontal movement): 1600–2000 mm

V-axis travel (worktable horizontal movement): 3000 mm

Maximum worktable load: 120 tons
