Machine Name : CNC turning lathe

Brand : OKUMA

Machine Model : LB10II

Stock No. : 68263

Ex-factory Date : 2006

Main Technical Parameters:

The maximum rotation diameter on the bed is 400 mm
The maximum diameter of rotation on the slide plate: 300mm
Maximum turning diameter: 170-300 mm
Maximum Machining length: 350-400 mm
spindle through hole diameter: 50mm
Maximum diameter of bar stock passing through: 42mm
Spindle speed range: 50 to 6000 rpm
Rated power of spindle motor: 7.5kW
