

Machine Name : Hobbing machine

Brand : KITAI

Machine Model : Hi-PRO

Stock No. : 68268

Ex-factory Date : 2015

Main Technical Parameters:

CNC System: FANUC oi-TD

Maximum machining module: 3mm

The maximum machining external diameter of the workpiece: 100mm

Maximum effective machining tooth width: 80mm

The range of machining teeth: 3 to 999 teeth

The rotation Angle range of the hob rest is $\pm 45^\circ$

The maximum speed of the hob shaft is 4000 rpm
