

Machine Name : Die-casting machine

Brand : TOSHIBA

Machine Model : DC350II

Stock No. : 467910

Ex-factory Date : 2015

Main Technical Parameters:

Rated clamping force: 3500kN

The spacing of large columns: 650×650mm

Template size: 935×935mm

Diameter of the large column: 125mm

AppVertical machining centerble mold thickness: 300-700mm

Dynamic mold travel: 420mm

Ejection travel: 90mm

Output range: 16.7 to 34.7 tons

Maximum injection velocity: 0.1-7.0m/s

Main motor power: 22kW

Overall weight: 11.7 tons
