

Machine Name : CNC Milling machine

Brand : Jirfine

Machine Model : VMC1270

Stock No. :

fae195f320c65697e7ee3c90c89ff642

Ex-factory Date :

Main Technical Parameters:

X-axis stroke: 1200mm

Y-axis stroke: 700 mm

Z-axis stroke: 600mm

Spindle speed 8000 RPM (standard)

Taper of spindle hole bt.50

The distance from the nose of the main shaft to the workbench is 150-750mm

The distance from the center of the main shaft to the rail surface of the column is 785mm

Worktable area 1360 × 700mm

Load capacity of workbench 1000kg

T-groove width 18 × five × 152.5mm

CNC system: FANUC Oi MD

Spindle motor 15kw

Power consumption: 25kW
