Machine Name : Cylindrical grinder

Brand : Paragon

Machine Model : GU-3250CNC

Stock No. : 812714

Ex-factory Date : 2015

Main Technical Parameters:

CNC System: FANUC Oi-TD
Maximum rotation diameter of worktable: Ø320 mm
Maximum grinding diameter: Ø280 mm
Distance between centers (maximum machining length): 500 mm
Maximum workpiece load between centers: 150 kg
Manual swing angle of the Z-axis of worktable: 0° to +8° (taper grinding)
Workpiece spindle head rotation angle: -30° to +90° (universal grinding, end face/inclined surface machining)
Center taper: MT4

PamtonSchnell
