

**Machine Name : Radial drill**

**Brand : OKUMA**

**Machine Model : DRA-J2500**

**Stock No. : 68876**

**Ex-factory Date : 2005**

**Main Technical Parameters:**

From the center of spindle to the side of the column: 450 to 2500mm

From the center of spindle to the center of the column: 2900mm

The travel of the horizontal movement of the headstock along the rocker arm is 2160mm

Distance from spindle nose to Worktable surface of the base: 610-1890mm

Vertical lifting travel of the rocker arm: 880mm

Rocker arm rotation range: 360°

external diameter of the column:  $\Phi 550\text{mm}$

spindle motor: 5.5kW

Rocker arm lifting motor: 2.2kW

spindle taper: MT5

spindle Quill shaft Travel: 400mm
