

Machine Name : Punch

Brand : YANGLI

Machine Model : JM36-500

Stock No. : 69143

Ex-factory Date : 2021

Main Technical Parameters:

Nominal Force: 5000 kN

Nominal travel: 10 mm

Slider travel: 300 mm

Slider travel times (SPM) : 18-25 times per minute

Maximum Die Height: 800 mm

Die Height Adjustment: 150 mm

Main Motor power: 45 kW

Mold and Worktable specifications

Worktable size (Bolster Area) : 1600 × 3500 mm (front and back × left-right)

Slide Area size: 1500 × 3200 mm

Tool holder Hole size: 70 × 95 mm (diameter × depth)

Between Columns: 3600 mm

Side Opening size: 1400 × 550 mm (for convenient side feeding or part retrieval)

Overall dimensions of machine

Outline footage: 3700 (front and back) × 4550 (left-right) × 5600 (height) mm
