

Machine Name : Horizontal machining center

Brand : DOOSAN

Machine Model : HM800

Stock No. : 80113

Ex-factory Date :

Main Technical Parameters:

Table size :800*800mm double station three axis stroke :1250*1000*1000mm Distance from the nose of the spindle to the center of the table :200-1200mm Distance from the center of the spindle to the top of the tray :75-1075mm Spindle speed :BT50/6000rpm Table bearing capacity :1600kg Main motor power :22 /26kw Dimensions :3330*4270*7060mm Weight: 20,00kg Factory date :2007
