Machine Name : Gantry Machining Center

Brand : DAHLIH

Machine Model : DCM-3216

Stock No. : 69416

Ex-factory Date : 2019

Main Technical Parameters:

Effective gate width of the gantry: 1700mm
Distance from spindle nose to Worktable surface: 200-1000mm (gantry opening height)
three-axis travel: X3200mm, Y1600mm, Z800mm (1100mm is optional)
Worktable size: 3200mm in length × 1500mm in width
The maximum load of Worktable: 8,000 kg
Effective gate width of the gantry: 1700mm
The opening height of the gantry: 200 to 1000mm
Maximum spindle speed: 10,000 RPM (6000rpm is optional)
spindle taper: BT50
spindle power: 15/18.5kW
magazine capacity: 40 pieces
CNC System: FANUC
guideway type: Roller linear guideway
