Machine Name : CNC Gantry machining Center

Brand : Haitian

Machine Model : GU6II

Stock No. : 69446

Ex-factory Date : 2021

Main Technical Parameters:

CNC System: FANUC 0i-MF
The maximum speed of spindle is 6000rpm, and spindle is driven by BT50 gear
Worktable length and width: 1500mm × 850mm
The width of the gantry door is 1680mm
The height of the gantry door is 905mm
The three-axis travel of X/Y/Z: 1500mm × 850mm × 700mm
tools magazine: 24 mechanical hand tools magazine
Two-line and one-hard gantry structure
Electrical parameters: 3/PE three-phase, 380V, 50Hz, full-load current 75A, capacity 40kVA, rated short-circuit current 18kA
